

May 8, 2025

To Whom It May Concern:

I was Stephanie Feldman's team leader and mentor during her maternity leave teaching assignment from January 2025-June 2025. After 2 days of shadowing Mrs. Flynn, Stephanie assumed the role of 2nd grade classroom teacher for approximately 16 mixed ability students. Her class included general education and BSI students. Along with a BSI teacher, she taught a full 2nd grade curriculum for the second half of the school year. I am pleased to be able to write a letter of recommendation for Stephanie.

When we interviewed her for the position, the 2nd grade team realized right away that Ms. Feldman was organized, prepared, and eager to succeed. Once she started she had a plan right away, and was able to hit the ground running. This was important because the students were already immersed in their 2nd grade year. Full of questions and able to adjust, Stephanie quickly created her own classroom culture while maintaining already established routines and procedures.

The organized approach that Ms. Feldman used in assuming and performing her duties was visible in the lessons she created and the activities she chose. The growth and ongoing success of the students in class were clearly the driving forces in the plans she developed. She graded papers and tests in a timely fashion, and maintained accurate student records in Oncourse, our online student management application.

Stephanie displays the qualities needed to be a successful teacher. She is dependable, caring, organized and understands the needs of her students. She developed a genuine relationship with each student in the class, based upon a mutual respect. She also worked well with the second grade teachers and other staff members at the school.

If you would like any information about Stephanie and her teaching ability, you can contact me through our school office at (609)407-4005 or email me at dsupp@ncs-nj.org.

Sincerely,

David Supp

Second Grade Teacher
